

Miracles that follow the plow :: prayer for sister

prayer for sister, on: 2012/8/23 19:20

Please pray for my sister Ashley, she i believe some time ago tore ligaments in her knee, maybe 2 years ago. She started to get better, but then it started acting up a few weeks ago. She doesn't have insurance to get surgery. She really needs prayer for healing right now and also comfort from the Holy Spirit.

John

I will pray for your sis. I know how painful that kind of injury can be.

God bless
