Dear saints.

A loved one of ours, close to the family...

She dropped her new born baby 'Izzy' (Israel) on his head upon getting into their van... details are scarce but he was rushed to the local hospital here and due to some necessity was taken by ambulance from there to Stanford Hospital. He is less than two months old.

Please, your prayers are coveted

Heard back that the baby appears to be O.K., still don't have all the details.
Thank you Jesus

The Lord knows, thank you all for the prayers.
He is doing well, though his skull was fractured.

They have been keeping him overnight again just to run some more tests, but they expect him to be OK. It's been a bit difficult to get information but he will be coming home tomorrow.

Bless you all, thank you.
