Will it be possible to view the sessions after they air live? If so, when would they be available? Praying for this event...

Sister,

We are going to try and get the media live "right after" each session or night God willing. So they will all be available on the same page: [www.sermonindex.net/live/](http://www.sermonindex.net/live/)

It works very well, brother. For those viewing on a large screen, it may be appreciated if the video could be a little clearer though. Other than that I see no problems.

The audio is pretty good, Greg. Although my ear might like it a little sharper-- more treble and a little less bass.
