Saints,

This is a new book published by brother Paul Washer that I recommend you consider getting. There will be many great truths contained in it that will encourage you to preach and contend for the Gospel in a day of such great compromise.

We are very happy to recommend this title by Paul Washer, which should prove to be one of the more important books on our website. As stated on our Featured Ministers section of our website, "Paul Washer has been used of God in our time for a widespread recovery of (1) the true Gospel and a biblical basis for Christian assurance, (2) an evangelistic approach and presentation that maintains biblical integrity..."

This book is meant to be for every believer, and especially for those who regularly share the gospel to others, whether from the pulpit, on the streets, or in the workplace and neighborhood. Every Christian needs to go deeper and to be more versed in the Gospel of Christ. It is the Gospel of Christ that is of first importance. The goal of this book is not just to fill your head, but to make your understanding of the Gospel more robust and healthy, thus transforming your life (Rom. 12:1-2).
