I would encourage those who need to know about the truth on man made theologies to watch the replay of the first message given by Brother Zac Poonen, in the UStream link. Excellent illustration of truth in whole of God's word.

I liked how brother Zac in the first session clearly taught and elaborated that the CFC churches are just a small part of the body of Christ and that they are imbalanced because they are preaching and emphasizing truths that are missing in the rest of the body of Christ.

It was an excellent 1st session message I heard.

True, his calling is to talk about discipleship that most of the Churches miss out. He does not emphasize on equally important things like evangelism. Though many have asked him to talk about other topics, he sticks true to his calling.
