Some of you know Eli Brayley who is an evangelist and teacher in Logan, Utah. He and Brad Scheelke have been witnessing to students at USU for many years. A young woman did an article for the Herald Journal. It was reported very well and she got the message right! Please pray for the people here in Logan, mostly Mormons to receive the message of the grace and mercy of our Lord Jesus Christ! Many are coming out of the religious legalism of Mormonism as well as the false teachings. Need your prayers for Utah. Awesome, I will be praying. Years ago there was a virtual revival of LDS people getting save, one family consisting of 10 wives, and 52 children mostly all got saved. Many are still solid in the Lord Jesus Christ today. God is able. I am in agreement with you on this one.

I went and read the article about these two evangelist in Logan Utah. They are right on. They are witnessing of the love of Jesus. I like they draw from the New Testament. Very encouraging article. May God bless much these evangelists and their ministry.

These two brothers seem to focus upon the centrality of the cross of Christ. Much as Paul they are preaching Christ crucified. They are simply urging non believers to have faith in Jesus. So simple and beautiful.

I would urge all to read the article Lesley has posted.
