

**Miracles that follow the plow :: prayer please**

**prayer please - posted by romanchog (), on: 2013/2/4 23:48**

In the emergency room with my 16 yr old daughter. She is having shortness of breath. Doctors usually say its an anxiety attack and don't check carefully. It is NOT anxiety. please pray that doctors can figure out what is wrong and, more importantly, that the Lord God heals her.
