Apostles Had No Money - Leonard Ravenhill - posted by sermonindex (), on: 2013/3/8 9:42

"Here is the glory of the Gospel! In a few years' time a handful of socially uninfluential men, with empty pockets and empty hands, turned the world upside down for their Lord Jesus Christ!

What a dramatic difference from the evangelistic approach of this day! The apostles had no gold, but lots of glory. We have lost of gold, but no glory.

Thank God for the "mercy-drops that round us are falling," but our man-made efforts have struggled for two generations without producing a Finney-like move of the Spirit, a genuine, culture-shaking revival, where the moral climate of our cities is changed and the impact is felt throughout the entire nation.

Our present chromium-plated, over-organized, stream-lined, computerized evangelism is as effective as trying to melt an iceberg with a match-stick."
