Ahh Choo = GOD Bless You? - posted by AgesofWar (), on: 2005/3/12 2:24

I have a question saints...

What does Bless really and truly mean?

Cuz I have an Idea of what it means, as in the fullness of Christ.

When I say GOD bless you to someone what is the deeper implication of saying that?

I know this should be Christianity 101 however the more I think of it the Harder it is for me to answer it.

Any help on this one?

Actually, the word "Blessed" literally translated means: Happy.

Hope that helps.
