A man can pray in any bodily position. For instance, Elijah put his face between his knees when he prayed (1 Kings 18:4 2)

Use your eyes in prayer. I do not know how the custom of closing your eyes in prayer arose. Jesus' habit was to lift them . The bridegroom in Solomon's song says to his bride, "You have ravished my heart with one look of your eyes" (4:9).

Jesus is attentive to our eyes while we pray. He observes that a tax collector "would not so much as raise his eyes to heaven" (Luke 18:13, 14)

At other times, believers show God great love through the expression in their eyes. Learn to use your eyes correctly in your communion with God and with men.
