Has anyone bought any of the books that are found on audio at (www.Christianaudio.com) Christianaudio.com?

I have bought "With Christ in the School of Prayer" by Andrew Murray. It is wonderful to listen to this blessed book while in the car or going to sleep.

I also wanted to say that the prices have gone down to \$8 -10.

If anyone has bought any books from them please share with us how it has encouraged and blessed you.
