

SermonIndex Announcements :: Sermonindex Classics app is now live on Windows Phone**Sermonindex Classics app is now live on Windows Phone - posted by sermonindex (), on: 2013/6/29 15:43**

Saints,

Welcome to the free Application for the Windows Phone for SermonIndex. Founded in 2002. "The mission of SermonIndex is the preservation and propagation of classical Biblical preaching and the promotion of Christ-centered revival to this generation." Download this free app to access some of the best content from SermonIndex.net

You can view sermons by speaker, see current blog entries, and share the sermons with others via facebook and twitter. The app allows you to also download each of the sermons for offline listening. We will be constantly adding new speakers and content to the app over time.

Install it here: <http://www.windowsphone.com/en-us/store/app/sermonindex/fda0cc96-6ffb-415d-b192-7c7354b95c31>

Good to see this progress. Is there any future plans for android users (google play)?
Keep up the good work.

JB
