WhO's ThE QuEeN? - posted by inotof (), on: 2005/3/21 17:34

I've been recently drawn to the book of Neiemiah. It is a well of material on the fruits of repentance.I understand that in t he Tankah, Ezra and Neh. are one book and even though in our Bibles, they are split, most people know that they are c ontemperaries. My question however is this, and maybe it's a dumb one, im not a scholar, but i am a student-->eager to learn-->

Who is the Queen when Neh. comes before the queen?? is it Esther?? If anyone knows please let me know.

i did some digging and it would seem that Esther was grandmother to the king who sent Neh. to put another brick in the wall.
