Sooo.... under the old regime (Mubarak) the Muslim Brotherhood was banned in Egypt, then they had a revolution to put the Muslim Brotherhood in charge, then they had a military coup in order to ban the Muslim Brotherhood... Really?

This is going to get interesting in Egypt.

At least people are turning to Christ in the midst of this chaos.

Bear.

Yes, seems that once the Muslim Brotherhood had power and were free to wholly manifest themselves that it was a slap in the face to the "slumbering". Fortunately, they still retained the power (military) to overcome them otherwise, they would all be enslaved by them today.

Bearmaster is right, in all this chaos and trouble, God is saving people.

Makes you wonder why the present U.S. Administration supports the Muslim Brotherhood.

(Actually, I have some ideas why Obama supports the MB)
