Excellent Tool to make a Website for your Church or Ministry - posted by sermonindex (), on: 2014/5/22 23:50

Saints,

We have recommended this Christian web developer company in the past and they have upgraded their CMS system to 4.0 which has so many great new features. You can get a website with basic functions and needs for free! and if you have an established ministry or church this is a perfect solution for audio sermons as well as other needs.
