Gonja, Ngbanyito of Ghana

The Gonja people are located in the north part of Ghana, and wealth is concentrated in the southern half of the country. Most people in the north still live off subsistence farming beside mud-brick, thatched-roof structures. Family incomes are often so low that children stay home to work fields rather than attend school. Poverty remains "endemic in Northern Ghana with people facing formidable challenges with regards to water, food and employment opportunities." The literacy rate of the Gonja is reported to be no more than 5%.

#### Ministry Obstacles

The very low literacy rate of the Gonja people largely requires an oral presentation of the Gospel message, both for evangelism and discipleship purposes.

#### Outreach Ideas

Communicating with stories from scripture will be useful and probably effective. Recordings and videos will also be helpful.

#### Pray for the followers of Christ

There are a few followers of Christ presently within this group. They need to be discipled, and they need to learn to read. Pray towards these ends.

#### Pray for the entire people group

Please pray for the poor Gonja tribe, that they will provide an education for their children, and will learn good farming methods. Pray they will soon escape the bonds of poverty and illiteracy.

#### Scripture Focus

"He will have compassion on the poor and needy, And the lives of the needy He will save." Psalm 72:13
