

## Welcome & Intro :: hey guys

**hey guys - posted by Ashwyn, on: 2003/10/2 8:08**

hey!

My name's Ashwyn and I'm from Sydney, Australia. I found this site while looking for sermons by Keith Green. I always considered myself a christian but I've had some major eye opening about how lazy I was for the Lord's work recently, and so I am eager to hear some more good sermons, any suggestions? Favourites?

Thanks,  
Ash.

Hi Ashwyn, Welcome!

Hope you feel right at home here.

Since you came here looking for Keith Green, may I suggest Lennard Ravenhill or David Wilkerson who, if I recall correctly were close to Keith Green and by proximity, neighbors at one point.

David Wilkerson

Recommended:

"A Call to Anguish" (This is a hard sermon, he pours his heart out)

Leonard Ravenhill

Recommended:

"Selah (Leonard Ravenhill Compilation)" Short, but powerful outtakes from Len.

Hopefully other members will jump in with their recommend/ favorites....

Try also the "Top Downloads" from the main page.

Enjoy!

Mike

"Calling on the Name of the Lord" by Jim Cymbala was a life-changer for me.

Try Esther Ibanga---she is from Nigeria and is very good.....
