

General Topics :: Your Blood says EVERYTHING

Your Blood says EVERYTHING, on: 2014/8/25 21:54

In the presence of holiness
When I cannot speak
Your blood says everything

In the presence of perfect love
I am too weak
But Your blood says everything
Your blood says everything

Hear the Word
Spoken from the tree
Heaven broken open
Your blood says everything
Your blood says everything.

Billy Somerville 2001
