forum members:

Do any of you have the current address for a video that may have been called The Revival of '59. The address is no longer current on it. It is over an hour as I recall and starts out in New York with the layman's revival and moves to England. It was outstanding and I have a great yen to see it again and share it with others. Thanks Christine

I know the one you are speaking of. It is about 90 minutes long. I've been looking for a long time and can not find it.

Several years ago a link appeared to this video in SI. The link is dead now.

The video, from all I can see, was by Ken Connolly. His website does not list the video. There are a handful of online references to it, one being the aforementioned SI link. It is obscure for sure. If you find it please share.

Thanks to all of you for replying. The Heal our Land video is only 32 minutes and my have some of the same aspects of the Revival of '59, which as one of you pointed out was 90 minutes but was not the one I was looking for.

Let us pray that the Lord will revive us again. That when sin abounds grace does much more abound. I am longing for a deep repentance and fear of God, a turning away from sin that only God can bring to the body of Christ so that others can see God is in us and be saved.

Surely, He will do it again. Come Lord Jesus revive your church. Christine

Christine, I apologize for pointing up a link to the incorrect video. It had Revival of 59 in the title and I didn't check the length to see if it was the same as the one you are seeking.
