T.D. Jakes Comes Out for "Gay Rights" and "LGBT Churches," Says Position is "Evolving", on: 2015/8/18 15:06

Jakes said that he thinks homosexuals should find congregations that affirm their lifestyle.

"LGBTs of different types and sorts have to find a place of worship that reflects what your views are and what you believe like anyone else," he outlined.

"The church should have the right to have its own convictions and values; if you don't like those convictions and values you totally disagree with it, don't try to change my house, move into your own and find somebody who gets what you get about faith," Jakes added.

I think we have to be careful before posting topics with titles like that. I am no fan of td jakes, but we have to be fair.

TD Jakes said. "My position on the subject "of same-sex marriage" has been steadfast and rooted in scripture."

Great answer! now all the other compromising Pastors, should use this same answer, and stand behind their answer.

I did not change the title, TMK, so nothing underhanded was done. The good thing is that you found a follow-up article.

Hey Julius-

I didn't meant to suggest you did something underhanded. Sorry if I gave that impression.

I just happened to see the follow up article a couple of days ago.

I think it was great that you found that article.
