

SermonIndex Announcements :: Classic Sermons on old VHS, BETA or Cassette Tape?**Classic Sermons on old VHS, BETA or Cassette Tape? - posted by sermonindex (), on: 2015/10/28 12:11**

Saints,

Perhaps for some people who are new who would read this, depending on what speakers and what messages we have been and continue to be willing to receive old sermon messages that we digitize to offer freely on SermonIndex.

If you have godly old sermons on these mediums of VHS, BETA, even Reel to Reel we have received these in the past and have digitized them. Some saints have large cassette tape collections of sermons that are stored that contain messages that are not available anymore and by getting them on SermonIndex, they become freely available world-wide!

Do pray the Lord connects us with believers who have materials that could be made available for saints today in our generation.

Our Direct contact information and Current mailing address are here: <https://www.sermonindex.net/contact.php>
