

Miracles that follow the plow :: Praise the LORD!

Praise the LORD! - posted by Jeremy221, on: 2015/11/14 12:03

I want to praise God for the abnormal loading times and lag at Sermon Index. This behavior has been a sign that Satan doesn't like what has been happening here and the truth being worked out and proclaimed. It is a sign that the saints' ' in tercession is effectual.

We had a long period without this resistance but we are pressing on and as Greg's post about the events in Paris and th e focus on Israel in prophecy revealed, important things have brought into focus.

Praise God! Amen.
