This truly is a great site and you people are a good example of brotherly and sisterly love. I have been blessed by many sermons especially the revival kind as my belief is it starts with myself. I was born in Finland, lived in Sweden for many years and now reside in Downunder Australia with my family serving the Lord in many ways. I work at a mine where we spend up to 12.5 hrs per shift, day and night. May the Lord bless you all and keep up the prayers for each others. :-D I hope I got the thumb right!!

Yes, may we all continue to do so and for our new friend as well.
