I recieved this in an email recently please pray brothers and sisters at SI:

Dear Gordon,

My family is experiencing a period of great trouble and danger. False criminal cases have been foisted on my two innocent sons. We have lost a colossal amount because of the treachery of advocates. We have been experiencing mental agony and physical pain. As the Psalmist says: "We have a wound in the heart." Nights are sleepless and frightening. Days are monotonous and burdensome. It seems God does not answer prayers. Pastor Gordon, pray to God to perform a miracle in the family by a great success in the court. Pray for our mental happiness and physical health. Pray for the deliverance of my sons. Pay that advocates do not cheat us. Pray for the total acquittal of my sons.

Thank you
