

**Miracles that follow the plow :: Pray for young adults to enter the harvest****Pray for young adults to enter the harvest, on: 2015/12/30 8:23**

Brothers and sisters at this time two strategic conferences are taking place on different sides of the state of Missouri. Many young adults in Christ are attending these conferences. There is a great opportunity for God to call out laborers into His harvest.

In Kansas City the One Thing conference is taking place. This conference is sponsored by the Kansas City IHOP. Many young people go there to worship Jesus. And be challenged in messages by anointed speakers. There is a great potential that God will call forth many young hearts to give their lives to missionary service to see the Great Commission fulfilled in our lifetime. Let us pray that God speak to such hearts.

At the same time in St Louis Missouri the Urbana convention is taking place. This is a missionary conference that started among young adults in 1946. Jim Elliot was one of the first participants in this conference. This conference used to meet at Urbana Champaign Illinois at the university there. But in recent years has moved to Kansas City. This conference is a n opportunity to acquaint young adults of the opportunities for missionary service. I attended two of these conventions and they were incredible. Again let us pray that God will speak to young adults to give their lives to the King to serve Him in the growing harvest we see around the globe.

Jesus said the harvest is plentiful. But the laborers are few. His exhortation is that we beseech the Lord of the harvest to send out Laborers into his harvest. God is doing an incredible work among the young adults. Let us pray that God call many fourth many thousands from these conferences to help fulfill the Great Commission. To see the gospel preached to all the nations as a testimony to the world. Then we will see our Lord return.
