**Is anyone here a videographer? - posted by dolfan (), on: 2016/2/10 13:11**

I am looking for some personal work related advice, esp concerning online video production.  
Thanks

Dear brother,

I have done some projects and work and am by no means an expert, I am sure there might be an actual professional brother doing this. If you want to ask questions I can try and answer any I have experience with.
