So many videos of LR preaching in front of a chalkboard or what looks like a conference room. Where were most of these videos recorded? It just dawned on me that I don't know. :)

Brother,

Many of the videos were done at Last Days Ministries run by Keith Green. Leonard lived within driving or even walking distance, there was a ministry school that was for "radical" discipleship. It would be interesting to learn where some of the saints are who attending these classes and had Leonard Ravenhill as one of their teachers. Overall it was a platform also for his messages as Keith Green spread them all across the nation.

and then in 2002, on: 2016/4/22 10:07

a young humble follower of Jesus, Greg Gordon, redeemed the internet by steadily working to make these sermons, exhortations, preaching available to any hungry soul with an internet connection.

There are no "accidents" with God. Only Mercy, Grace and Steadfast Love, amen. Thank You Jesus, and God love you my brother.

I will be watching this right away! Thank you for this! "Though dead, yet he still speaks"

So grateful that we have these voices from the past to point us to Christ and His word! They are a great blessing to the church.

"It would be interesting to learn where some of the saints are who attending these classes and had Leonard Ravenhill as one of their teachers."

I've met some of them up in the Tyler area who sat under Leonard Ravenhill's teachings...not all were fans of brother Leonard.

I visited his and Keith Green's graves a few years ago and asked one of the local ministers there to accompany me. To my shock he said that he could not stand to be around the man in life so he would have no interest in visiting his grave.

I was shocked and very taken back. When I pressed him he said that brother Leonard ruffled a lot of feathers and had a very blunt and brash way about him and that he personally couldn't stand him. He was very critical.

I had my doubts about this minister anyway but after the way he trashed brother Ravenhill I decided to never have anything to do with this man again.

Brother Leonard was not perfect but he was and still is a powerful and much needed prophetic voice to the body of Christ. Those who despise his message and warnings do so at their peril.

Interestingly the minister and the group he associates with became involved more and more in spurious charismatic false teachings, such as the 7 Mountains teachings.

I think we all know what brother Leonard would have to say about this kind of rubbish. Say no more.

This video is mirrored in one of the audio messages, probably with the same name.
