Neilgin posted this morning and said he was going to the ER with heart problems.

Lord Jesus,

Your servant Neil is in need of healing right now. Will you preserve his life yet on this earth for your glory. He is ready to be with you, but if you have more work for him to do, heal his heart. In Jesus Name I pray

Let us pray for this dear brother, he has been a faithful intercessor in the calling of being single to the Lord.

Revelation 14:12 New International Version (NIV)

12 This calls for patient endurance on the part of the people of God who keep his commands and remain faithful to Jesus.

Lord extend your healing hand to our brother Neil. You are faithful and true Lord Jesus. We ask for your glory and for Neil's health and for our hearts to be made glad at news of his recovery.

Re: , on: 2016/6/13 16:55

Lord Jesus we ask that you do bring healing to our brother Neil. For we ask this in the name of the Great Physician Himself. Jesus. Amen.

Neil,
How are you dear brother?

"Restore us, O God Almighty;
Make your face shine upon us,
That we may be saved... Psalm 80

Revive Neil, Father.

oh, you dear saints!, on: 2016/6/15 5:56

God love you for evening loving me enough to pray for me.

God is so good to give wisdom and on Monday I was going to sow pasture seed in front of an oncoming rain, and I lifted some see bins into my tractors bucket, wasn't that heavy and I felt that old familiar blocked artery pain, dropped the chore, called my doc, and sent up an appt.

long story short, they discovered a new blockage at the foot of the "widow maker" artery, (called the widow maker coz guys will ignore the subtler heart pain and then BOOM, but this guy didn't ignore it).....thye blockage is so near to the heart that it will preclude a stent, and I face open heart surgery with a 1 to 2 month recovery, whatever that will entail...

I love you and covet all your prayers, neil

All glory and praise is yours oh God. You hear our prayers and answer us. You reach out your mighty arm and rescue us. If You are for us oh Lord, who can be against us? Your work was finished at the cross. Our adversary has no power over us. He was defeated! In Jesus name and by Your stripes we are healed by the power of Your shed blood. We, being one body with you as our head speak healing into the body of our brother, Neil. We speak complete healing to his heart and every part of His body. We ask that Neil's recovery be swift and without any complications. We ask that all of his needs be met by Your provisions for us. We thank you and praise you dear Father for the miracles you bestow on us daily because of Your steadfast love and wondrous works for Your children. On this day we decree that Neil's faith has healed him and he can go in peace and be healed by Your suffering. We will proclaim Your greatness and glory before all men. You are our God forever.

Neil

We will continue to pray as well. Pretty well know what you are going through having had a massive heart attacks myself 5 years ago. A major part of the central heart chamber was permanently damaged according to the doctors and they would not risk surgery. Just a couple of stents and the best wishes. You will be around this place until he says so, not a minute too soon and not a minute too late because you have committed your way to him and he the Lord will completely fulfill his purposes for you during the remainder of your days here. Our times are in his hands.

God bless you

Re: , on: 2016/6/15 9:20

Brother I will be praying that God be with you and your upcoming surgery.

In my thoughts and prayers.

Re: oh, you dear saints!, on: 2016/6/15 9:24

Will be praying for you. Definitely Use that time to rest & seek the Lord. I find the times of trials where God "stops the presses" & makes me rest is because He wants to speak to me, & maybe before I was too focused &/or too busy to hear a certain thing He wanted me to really "get" down deep. But that's been my experience anyways. Keep us posted. May God be with you.

In Christ,
Jeff

Re: , on: 2016/6/15 9:26

Neil dear brother, have you heard about vitamin c deficiency and cardiac problems? If you do a search you will find plenty of information about it. Some doctors are now saying that the problem is scurvy causing a breakdown of the tissue in the veins and plaque buildup to repair.

Does anyone have an update on Neil?

Re: , on: 2016/6/29 18:24

I do know that he was home by last Friday but was in considerable pain due to the surgery done.

How did you know Mama?, on: 2016/6/29 23:42

the Holy Spirit HAD to have put remembrance of me in your heart and soul!

isn't Jesus so Wonderful? How can one NOT love Him?

that's why I have never understood how a poor soul could be an "atheist"

if you could bear with me, its rather late and I am weary, AND I type with two fingers!....so may I testify in the morning, God willing?

I covet all the saints prayers, and I give in the Spirit a holy kiss, and a rejoinder of Love the Lord, Praise His Name, How Sweet He is, Merciful, filled with Steadfast Love for us, His children, In Jesus love, neil
