Saints,

I am sure by this time many have noticed the new random loading images on the homepage of SI. I am thinking of adding more images of speakers in the audio sermon section.

here is one example: <https://img.sermonindex.net/pdf/frontpage-leonardravenhill.jpg>

Does it load properly on mobile devices? Trust this will add some inspiration and encouragement for brothers and sisters to listen to this collection of audio sermons from God's servants.

Great idea! I've seen Havner (a fave), Ravenhill and Tozer so far. Well, they're all faves.

Saints,

Thank you for the feedback. Part of the heart behind this is that these brothers and sisters in the Lord would be a torch of testimony to us to continue in the ways of God in our generation.

Love! Love! Love seeing the saints. What wonderful faces!
And I just saw Evan Roberts as an older man.

No random with Jesus, all ordered by God! :-)

Thanks, brother Greg!
