Want to see what the coming 3rd temple will look like? - posted by RogerB (), on: 2016/12/2 18:33

Google Maps actually has a picture of it already in place. This little video lets you see it and Steve shows how to see it. There is another that even shows how the holy of holies for this faithless religion will look.

The UN just passed a resolution to take the temple mount area from Israel.

The video is not in great focus but I will try to find the other one. It's short
