Canadian Prime Minister Donates \$650 Million to Fund Abortions Worldwide; Pro-Lifers 'Horrified' - posted by sermonindex

Canadian Prime Minister Justin Trudeau pledged to donate \$650 million for abortions worldwide on International Women's Day, with "horrified" pro-lifers calling it a "sick" decision.

"For far too many women and girls, unsafe abortions and lack of choices in reproductive health mean that they are either at risk, and at risk of death, or simply cannot contribute or achieve their potential through education, through involvement in their community, through a broad range of opportunities," Trudeau said, according to CBC News.

"It is important that as a world we recognize that empowering women, that respecting their rights, is fundamental to building a world in which everyone has a real and fair chance to succeed," he added. ...
