(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?commentViewItemComments&lid4408>) How the Strong can Backslide! by Carter Conlon.

This is one of the best sermons I've heard yet - a must for all strong Christians. I think we all can benefit from this message - especially if we don't think we need it. It helps us get to know ourselves. I suspect that listening to this one can spare many of us from potential heartache down the road.

Somehow, I doubt that anyone can hear it without being deeply affected. I am surprised that it is not one of the top ten.
