Hello,

My 85 year old dad is in the hospital for heart issues. He also has dementia. Please pray for his salvation. His name's Larry Layne.

Many thanks!

Lord Jesus,

We ask that you reach Larry's heart and mind as he is now like a child, helpless and dependent upon your grace and mercy. May you use Wendy to speak truth to her dad and trust you with his soul.

Lord you saved my own father at the age of 86 when his mind had become childlike too. I thank you that you saved my dad and gave me the assurance of his salvation. I ask that you do that for Wendy. Thank you, Lord.

Sister Leslie

Thank you all for praying! He's still in the hospital, and I'm praying the Lord sends His saints to minister to Him.

Leslie, your story really touched my heart! It gives me hope.

My dad is still at a rehab center in Houston. Tomorrow at noon an old friend of his, Shari, will be sharing the Word with him. Please pray for his understanding and salvation.

I'm living in E Tenn and am not able to be there through this difficult time for he and Charlyn (who has been with him over 20 years).
