**I never knew...., on: 2018/1/13 16:58**

I never knew how much she was to me,  
I never knew how patient she could be;  
I never realised until she went away  
How much a woman helps a man each day;  
And, oh, I never knew how thoughtless  
I had been at times, until I saw her die.  
I never knew the crosses that she bore  
with smiling patience, or the griefs that were  
upon her heart strings as she toiled away;  
I only saw her smiles and thought her gay;  
I took for granted joys that were not so,  
I might have helped her then but didn't know.  
I thought she worried needlessly, and yet  
I see her life was bounded by regret;  
I might have done much more for her had,  
I but known her sorrows, or had thought to try.  
But now that I'm alone at last I see  
How much of pain her smiling hid from me.  
I never knew how much I leaned upon  
that little woman till I found her gone;  
How much her patience, gentleness, and cheers  
had meant to me through all those years;  
How many little things she used to do  
to smooth my path, Alas, I never knew!
