John Pipers book called "The Passion of Jesus Christ" is a great book, one of my favorites for a number of reasons, in the book He lists 50 reasons why Jesus died for our sins. Some could only list a few reasons, but this book lists 50 different reasons why Jesus died for us. It is very RICH, and WONDERFUL. There are so many things that happened when Jesus died, and this book gives a great insight into that subject.

Welcome aboard, Crossman! This is a great place for fellowship and growth. It's wonderful to see your appreciation for a great author, John Piper. I like his book "Hunger for God."

I'd love it if you would share which ones of the 50 reasons why Jesus died meant most to you, and how that affected your life and your relationship with him. That would also help us all get to know you, and also tell us a bit about the book.
