Another brother goes to prison for helping a former lesbian remove her daughter from a sexual abuser.

I encourage all to read this article. It mentions Timothy Miller who helped in this situation. It may be of interest to the reader to know that he is married to a victim of sexual abuse. This story is detailed in the book: "Joey's Story" by Ruth Ann S telfox. I do not think most non-victims have an clue about the ongoing impact such abuse has on its victims. If Timo was motivated by his wife's reactions I can well understand his involvement although I never heard him say so (never met the guy) but could believe this to be the case.

This article should serve as a warning of what may happen in the future in the event a victim of abuse comes to a Believer for assistance and how the social services may work to protect the abuser.

I posted this link on FB. I am finding it a bit disturbing that whenever I post anything negative about the LGBTQs there it gets buried deep in the bowels of FB. The only place I can find it is on my page.

Being politically correct is not my forte.
