This sermon is AWESOME! I am so glad I listened to the Lord telling me to learn more about loving my enemies. I am going to listen to this one a lot!!

Because this is the last days, we need to nourish our spirits with solid food from the God's word. This will help us when others hate us for our relationship with the Lord.

God bless Art Katz, in Jesus name, amen.

Topic: Loving Your Enemy

Scripture(s): Matthew 5:43-48

Description: To have enemies goes without saying, but our relationship to our enemies is probably going to be the most formidable aspect of the Last Days' reality of believers. Can the Life within us exhibit and express something that contradicts the sinful lifestyles of the world, especially as the world become more evil?
