Widows and Slaves Indeed by Art Katz

Topic: Widows

Scripture(s): Ephesians 6:5-10, 1 Timothy 5-6

Description: Art addresses the little understood subject of what constitutes a true widow and the place of slavery in Paul's time, as applicable now as it was then. There is an understanding beyond what our natural eye sees, and it is into this realm that God wants to draw us the genius of what is apostolic.

Note: Reggie Kelly shares about this experience in the most recent GFW meeting. It took place in his home. The retelling starts at about 51:00

Brother Jeremy,

I can't say thank you enough for posting this link, for bringing up this teaching and recommending it.

It's a hard word and as such a much needed one -

Can only pray this word finds a home in the hearts of all who hear it. »
