Fling Down

The painted face of Jezebel is easy to be seen.

She tries her best to fake what she can never be.

So she paints her face and peddles the ware of idoltry.

I wonder?

Is this some churches, a shadow and a type of a luke warm congeration that finds themselves left behind?

Some look, act, sing and yea, even preach like the world.

Forgetting the plan of the ages is about to be unfurled.

Some make money the center of their sermon.

They preach not regeneration but redirection of sin sick men and women.

Tozer had it right when he made his contrat.

Betwixt the New Cross of today and the old of the past.

What Time is it?

it is time for the Glourious Gospel to take the lime light.

For those who know to take a stand for what is right.

Who will join me in Exhalting Jesus? Crown him with many Crowns!

May we all take a stand for the Cross and fling Jezebel down!

Just wanted to share my heart with you all! God bless!
