Dear friends:

I wanted to let you know about three related movies that you could watch during this time of "social distancing":

Patterns of Evidence: Exodus

Patterns of Evidence: Moses Controversy

Patterns of Evidence: Red Sea Miracle

Basically, the movies show you the evidence for the biblical events related to the Exodus, and provide very good responses to the skepticism of secular and liberal academia. You can either stream them through Amazon or on the website of Patterns of Evidence.

It is definitely edifying and worthy of your time!

Blessings,

Pierre-Luc

Seeing this thread reminded me of a series I heard about recently called "The Chosen". Maybe it's been mentioned here before?

Apparently it's free right now to watch all the episodes on Vid Angel.

I've watched a few episodes and while I realize it may not be for everyone, my heart was touched deeply watching a few of the scenes.

"The Chosen" is the first-ever-multi-season TV show about the life of Jesus. Created outside of the Hollywood system, The Chosen allows us to see Him through the eyes of those who knew him. No matter where you are at in your journey with Jesus Christ, this TV show is for you.

Love you all!

Hi again dear saints!

Perhaps this has already been suggested elsewhere on SI, but with the news that it's free to stream through April 30, I wanted to let you know of it, in case resources are limited.

Our younger children were captivated by this adaptation of the beloved story, and while time will only tell what fruit comes from it, I am glad to recommend it.

Blessings to you and your beloved families today and always!

The Hiding Place (1975) based on the autobiographical book (1971) of the same name about a Christian family who became leaders in the Dutch Underground during the Second World War.

Psalm 119:114

You are my hiding place and my shield, I hope in your word.

Psalm 32:7

You are my hiding place, You will protect me from trouble and surround me with songs of victory.
