I'm wondering if we were all kept on lockdown a bit longer, if the "place of worship" might move above "restaurants and bars". I'm thinking, the old quote, "can't see the forest for the trees", may still hold a lot of water.

Which activity outside the home are you missing the most?

Choose one:

Going out to restaurants and bars

Sad to say the least when people want bars and restaurants more than they do places of worship open.

Still, for me it is churches, not places of worship, that count.

Just want to thank God for all that He is.
