I'm enjoying the site very much. Question: is there a "search" feature for finding articles or references to certain words? For instance, if I wanted to search for the word "revival" is that possible?

Thanks.

Oh, also I love quotes. I saw some under Lottie Moon, but haven't seen any others.

Welcome to Sermon Index! You have probably found the search button by now. If not its towards the top of the page.

brother,

On the home page at the top there is a search bar that searches all text, video and audio sermons. There is no way to just search the articles, everything is searched together. We are looking at ways to search by scripture for the text sermons soon.

Glad you found the site.
