Hello!

I just joined the SI forms today. Glad to be here and grow with you all. Someone who has been a huge influence on my life is the late Eugene Peterson. I love his writings, especially the Pastor and the Contemplative Pastor. I would love to see him in action preaching either text, audio or video, but can't seem to find anything. Figured I'd see if you had any leads. Blessings!

Hey Greg. Thanks for the reply. I've read a lot of interviews and books from him, but I was wondering if specifically there were any of his actual sermons available. In any format. If not, no worries. I just feel like they are out there and can't find them! Thanks for the previous link and discussion though, it was a fun read.

Blessings.
