Apart from the best influence a believer can get, word of God through the understanding of His Holy Spirit, who has been the most influential person in you walk with God and why?

Myself it would be, David Wilkerson. Runners up would be J C Ryle ( Holiness should be compulsively read for every believer ), Leonard Ravenhill, and of late, Dr Marytn Lloyd Jones, "the cross" a brilliant book!

Hey Tomo07

I would say a lot of mighty men and women of God who has passed have influence me in some way and i was introduced to most of them by sermonindex. The sermons were thought provoking. All the persons u have listed have impacted my life in some way and others u might not know. Paul Washer (present) helped me understand the gospel of Jesus Christ.

His rendition of it is so beautiful. It really displays Jesus as our champion.
