I came across this timely quote by A W Tozer. It would seem that he had in mind our current situation wherein most churches are closed and services must go online.

"If you burn down the church building and drive away all the people, you have not disturbed Christian worship at all. Keep a Christian from entering the church sanctuary and you have not in the least bit hindered his worship. We carry our sanctuary with us. We never leave it. My Daily Pursuit by James L.
