I have been here some years now and just want to post;
Thank you, Thank you, Thank you so much for having this ministry, this website.
It has been so exceptionally useful in my sermon preparation.
We sometimes forget to be thankful to those who help us along life's way.

God bless

Dear brother,

God bless you for your word of encouragement. It is my privildge to be able to do any of this and God's people have serv ed and helped so much. For you serving in a local church faithfully is one of the most unthanked things done, may God bless you for your faithful service also.
