Very good biblical principles brother!

Point 2 from the article: Pursue Intimacy with God

Cultivating a love for God doesnâ€™t necessarily come naturally, Andrew says. We have to grow it. â€œThis is the number one thing that fueled my perseverance.â€ Back in 2007, Andrew remembers, he began to pray that God would draw him closer to His heart â€ never realizing how badly he would need it. â€œThis is what prepared me for the difficult assignment that I hadâ€ God knew I was going to break. He knew that I would go right up to the point of failure â€ but because I had spent years running after His heart and drawing close to Him, He also knew that even in my most difficult time, that I would turn to Him. Itâ€™s this intimacy that fuels perseverance.â€
