Please pray for a brother Gary in my local church fellowship whose wife Bonnie went to be with our Lord this morning. Gary is a teaching elder of sorts and is a personal friend of mine. Bonnie had been sick for over three years with a type of cancer around her stomach lining. But she is in glory now and passed in peace. Gary and Bonnie have four sons.

Thank you.

brother,

Thank you for bringing this to believers attention here, may God allow His healing stream to flow into Gary's life. And his last days on earth how many he has be used for the kingdom of God and God's glory.
