My feet are very swollen and I can barely walk. I went to the E.R. yesterday and they said it could be a bacterial infection . I am on antibiotics, but please pray that God cures me of whatever is causing this.

Also for God to give me guidance on where to work as they are implementing a mandatory vaccine policy at my job.

Father God,
Will you bring down the swelling in Nigels feet so he can walk.
We ask you in Jesus name,
Also lead him to work where he has the freedom to choose concerning the job. We all need your guidance through the snares the enemy has set for our feet.
Psalm 124:7 "We have escaped like a bird from the fowlers snare; the snare is broken, and we have escaped."

Any improvement in the feet?

It seems the swelling has gone down a bit and the pain in my joints has gone away; I am still not done the round of antibiotics.

I see this as a blessing in disguise. I am a workaholic; I'm probably the only person at my work who never takes any time off, and sometimes my shifts can be as long as 16 hours. This past week has given me the opportunity to concentrate in prayer and get closer to God.

Thank you all so much for your prayers and concern.
