Praise Report Concerning Robert the Cowboy:

Robert attends the Meetings in DeQuincy, and Penny told us that Robert was in the hospital with Covid, so we prayed in agreement for Cowboy's healing.

This afternoon we received this praise report from Penny Blackburn:

A good report! Robert, the cowboy, was released from the hospital Tuesday. His son said that Robert was white when they took him in and that he took a strong turn for the better.

Robert said they called it Covid and they called it pneumonia and he didn't know what it was, but he just felt a whole lot better and they sent him home.

A very good report - especially being 85!

The name of Jesus is greater and more powerful than Covid.
